9. Physical and Chemical Properties

Form: Solid

Odour: Slight

pH: Not applicable

Boiling Point: Not applicable

Melting Point: Not applicable

Flash Point: Not applicable

Flammability: (Solid Gas) Not applicable

Autoflammability: Not applicable

Explosive Properties: Not applicable

Oxidising Properties: Not applicable

Vapour Pressure: Not applicable

Film Density: 1.1

Solubility in Water: Insoluble

Soluble in: Swells in solvents

Coefficient: Not applicable

10. Stability and Reactivity

Thermal Decomposition: Above 120°

Hazardous Reactions: No hazardous reactions observed.

11. Toxicological Information:

All the ingredients are essentially non-volatile and of negligible toxicity. The major ingredients can be regarded as essentially harmless.

12. Ecological Information

The material does not present any hazards for the environment.

13. Disposal Considerations

Landfill in accordance regulations. Packaging material should be treated as household waste or as recycling material. Incinerate only in purpose built incinerators equipped with a suitable flame scrubber to remove HCL gas.

14. Regulatory Information

Complies with the Montreal protocol for the elimination of CFC's.

Complies with The US Clean Air Act amendment of 1990.

No labelling is required for this product under current EEC Regulation.

15. Other Information

The data given here is based on current knowledge and experience. It should not be construed as guaranteeing specific properties.
